

Introducing the New Bulletin Board on Ann's Choice Resident's Website

We are excited to announce a fantastic new feature on the Ann's Choice Resident's Website: the **Bulletin Board**! This new section is designed to enhance communication and engagement within our community by allowing residents to post their notices and announcements easily.

What is the Bulletin Board?

The Bulletin Board is a dedicated space on our website where community members can share important information, upcoming events, personal notices, and much more. Whether you want to announce a club meeting, seek a partner for bridge, or share a community update, the Bulletin Board is the perfect place to do it.

How to Use the Bulletin Board

Using the Bulletin Board is simple and user-friendly. Here's how you can add your notice:

1. **Visit the Bulletin Board Page:** Go to www.acresidents.org and navigate to the Bulletin Board section by scrolling down the Home Page.
2. **Fill Out the Form:** Enter your name, phone number, email address, and the message you want to post. Only the information in the message field will appear on the Bulletin Board, so include any contact details if you want people to reach out to you.
3. **Submit Your Notice:** Complete the captcha for spam protection and submit your notice. [Our team will review it, and once approved, it will be posted on the Bulletin Board for all residents to see¹.](#)

Benefits of the Bulletin Board

- **Stay Informed:** Keep up with the latest happenings in our community.
- **Promote Events:** Easily share details about upcoming events and activities.
- **Connect with Neighbors:** Post personal notices to connect with fellow residents.

Get Involved

We encourage all residents to take advantage of this new feature. The Bulletin Board is a great way to stay connected and informed about everything happening at Ann's Choice. If you have any questions or need assistance, please don't hesitate to contact our website team.

Visit the Bulletin Board today and start sharing your notices with the community!
